

# DH-PFM973M-6U-24

## 24-Port UTP CAT6 Rackmount Patch Panel

### Features

- Universal UTP CAT6 patch panel, 24-port; Cable management bar included;
- With the standard size 24-port keystone jack insert, any standard information module and multimedia module can be installed or replaced;
- Gold plated contacts in each port ensure a reliable connection for your networking demands;
- Supports 22- 26AWG solid or stranded wire diameter;
- Compatible with both T568A&T568B wiring configurations;
- Certified for 250 MHz CAT6, which are necessary for copper gigabit Ethernet;
- Can be installed effortlessly and fits 19" racks, cabinets, 1u size wall mount brackets.

### Technical Specifications

Model	DH-PFM973M-6U-24	
Information Module	Gold plated	50 micron gold-plated
	PCB	FR-4 A1 class copper clad laminate(military grade)
	IDC socket	Phosphor bronze
	Wire gauge	22~26AWG
	Contact resistance	≤2.5mΩ
	Insulation resistance	≥1000mΩ
	Wiring mode	T568A/T568B
	Plugging time	>1000
	IDC terminating time	>300
	Compressive strength	DC: 1000V(AC: 750V) No breakdown and arcing phenomenon in 1 min
	Color	Black
	Number	24pcs
Hardware	Shell material	Steel sprayed plastic (metal bracket) +PC polycarbonate, ABS (nonmetal)
	Installation	19" rackmount
	Dimension	483.3mmx79.1mmx44.3mm(19.03"x3.11"x5.41")
	Weight	0.435kg(0.96lb)
Environmental	Working temperature	-25°C ~ +70°C (-13°F ~ +158°F)
	Storage temperature	-20°C ~ +80°C (-4°F ~ +176°F)
	Humidity	0%~85% RH
