Living The World  
of Technology

**bluguard**<sup>®</sup>

**T16 Plus**

Sleek in Design, Heavy in Features.

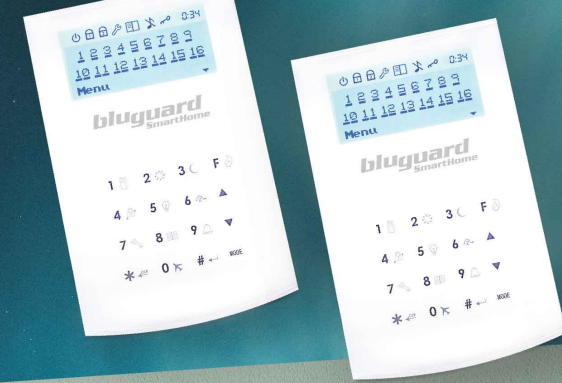

## Stay Protected with **SLIGHTEST TOUCH.**

- Easy-to-touch Keypad
- Premium Glassy Keypad
- LED indicator light

## **EXCLUSIVE SLEEK TOUCH**

Our latest T16 Plus Keypad is a creation of art and technology combined. T16 Plus Keypad adopted the advanced touch technology - Capsense, which enhance users experience when using the keypad in all conditions. Capsense technology allowed the keypad to operate by users under wet/moist environments and providing a high level of proximity sensing.

## **Sleek in Design, Heavy in Features.**

While functionality and durability will always rank highest in consumers' appliance demands, consumer tastes are growing increasingly artistic and their appliances are following suit. T16 Plus inspired by the daily activities of our life strive to provide a better and safer environment for the users but never forgetting the importance of its appearance. A sleek device like T16 Plus is a best choice to secure your beloved one while it goes well with your elegance taste.
